This real-time exposure helped students connect theory with practice while gaining insights into how **Mevedir maintains its reputation as a trusted exporter** of Dalle Chilli from Sikkim.

Students' Perspective: Bridging Classroom Knowledge with Real-World Practice

The students shared that the visit was **highly impactful** in enriching their academic journey. They appreciated the **systematic packaging processes, hygiene measures, and quality control systems** followed at Mevedir.

For many, the experience opened up new perspectives on:

-

- - 🌱 **Entrepreneurship opportunities** in spice value chains.
- - 🔬 **Future research possibilities** in post-harvest technology.
- - 📚 **Professional development** in horticultural exports and agribusiness.

Such experiential learning opportunities prepare the next generation of professionals to enhance **India's horticultural exports**, particularly from regions like Sikkim that are rich in **organic and traditional crops**.
